

For more than 30 years DC has been developing machines for the packaging industry. Together with strong partners like LECHITA AG we are able to customize machines according to customer requirements.

### What does that mean?

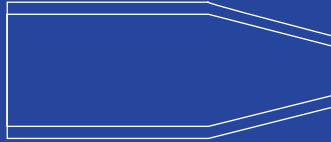

Our strength lies in working with our customers to find the best solution for them. This is reflected in the high level of satisfaction among our customers worldwide.

## Side Seal Bags

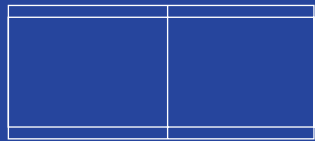

side seal with round corner

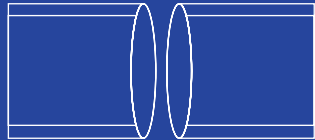

side seal v-shape

double bag

single bag

single bag on tape  
optional:  
double bag on tape
